## PROFESSIONAL SUMMARY

Full-stack developer with expertise in building scalable web applications using **React.js**, **Next.js**, **Node.js**, and **MongoDB**. Skilled in integrating third-party services such as **Stripe**, **Paddle**, **Razorpay**, and **MailerLite**, and enhancing application reliability by resolving 100+ bugs. A collaborative team player in Agile environments, focused on delivering high-impact features, writing clean code, and creating responsive user experiences. Quick to learn and adapt to new technologies in fast-paced settings.

## SKILLS

---

**Frontend:** React.js, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap, JavaScript, Shadcn UI

**Backend:** Node.js, Express.js, REST APIs, JWT Auth

**Databases and ORM:** MongoDB, SQL, Prisma

**State Management & Data Fetching:** Redux, Redux Toolkit, Zustand, React Query

**Tools & Technologies:** Git, GitHub, Clerk, Postman, VS Code

**Soft Skills:** Agile Development, Problem Solving, Fast Learner, Debugging

## WORK EXPERIENCE

---

### SOFTWARE ENGINEER | PURECODE

(2023 – Present)

**Technologies Used:** React.js, Next.js, Node.js, Express.js, Stripe, MailerLite, MongoDB, Redux Toolkit, Zustand

- Integrated payment systems, handled Stripe payment gateways to ensure smooth and secure transactions for users
- Integrated MailerLite for automated email campaigns, increasing user engagement through workflows and transactional communication.
- Fixed over 100 bugs, improving application stability and user experience.
- Worked together with UI/UX designers to ensure pixel-perfect implementation of designs.
- Participated in API design discussions and collaborated with backend teams to ensure security and performance.

## PROJECTS

---

### PURECODE.AI ([LINK](#))

**Technologies:** Next.js, React.js, HTML, CSS, Tailwind, Shadcn Ui, JavaScript, React query, Zustand, Node.js

- Led the end-to-end design and redesign of the website, enhancing UI/UX, animations, and overall site performance.
- Integrated payment gateways like Stripe and Paddle, enabling secure and efficient online transactions for a seamless user journey.
- Collaborated with the team to ensure the website was responsive, adapting seamlessly across multiple devices and browsers, while prioritizing accessibility and performance.
- Focused on enhancing scalability and maintainability by applying best development practices, ensuring smooth future updates and enhancements.

### Empyreanui ([LINK](#))

**Technologies:** Next.js, React.js, HTML, CSS, Tailwind, Shadcn Ui, JavaScript, Zustand

- Handled complete user management, including user authentication, authorization, and login verification using JWT and bcrypt. developed a user-friendly and responsive interface using React to ensure a seamless experience across different devices and screen sizes.
- Designed with scalability and maintainability in mind, utilizing best practices in both frontend and backend development to facilitate future updates and enhancements. bcrypt for secure password hashing.
- Built frontend and backend integrations in Next.js, ensuring seamless user flow and smooth login/logout functionality.
- Ensured optimal user experience with form validations, error handling, and secure session management.

## ACCOMPLISHMENTS

---

### FREELANCE FRONTEND DEVELOPER | KYNO HEALTH

**Technologies:** React.js, API Integration, Razorpay, Map Integrations, JavaScript, Material UI, CSS

- Developed a doctor booking system, allowing users to book appointments with doctors through an intuitive UI
- Integrated Razorpay for secure and seamless payment processing during the booking flow, ensuring smooth transactions.
- Integrated Google Maps API to display doctors' locations and availability in real-time, allowing users to choose the most convenient location.
- Designed a user-friendly and responsive interface to ensure accessibility and ease of use across devices.

## EDUCATION

---

**Anurag group of Institutions, Hyderabad**

2018- 2022

B.Tech (Bachelor of Technology) Mechanical Engineering (ME)
